

Isle of Man Mortgages

This product range is only available to existing Barclays mortgage clients switching to a new rate in the Isle of Man.

This Rate Sheet is for information only and does not constitute a Mortgage Information Sheet. Mortgage Rates are subject to change and withdrawal at short notice. Unless specified, Mortgage Rates are available for loans of £100,000 up to £2million (refer to the notes section for minimum loan sizes on Further Advance applications). Loans over £2million are priced on a case by case basis.

Bank of England Base Rate means the Bank of England Official Bank Rate (or the equivalent rate set by any central bank or monetary authority which replaces the Bank of England). If at any time, that rate is less than zero, the Bank of England Base Rate shall be deemed to be zero.

Bank of England Base Rate is currently 0.10%.

Representative example:

A capital and interest mortgage of £197,035.88 payable over 25 years initially on a fixed rate of 2.34% for 5 years and then our variable tracker rate at 3.14% above the Bank of England Base Rate (currently 0.10%) for the remaining term would require 60 monthly payments of £868.14 and 240 monthly payments of £941.94.

The total amount payable would be £278,469.00 made up of the loan amount plus interest and £275 (final repayment charge), £40 (completion fee).

The overall cost for comparison is 2.9% APRC representative.

This Rate Sheet is for information only and does not constitute a Mortgage Information Sheet.

This representative example uses combined data from mortgages taken out in Guernsey, Jersey and the Isle of Man to show the costs of a typical mortgage in these three jurisdictions

NOTES**Features of our Residential Mortgage Products:**

- You are strongly recommended to have life assurance in place to cover the full amount of all sums that you may borrow from us under the facility
- Applications are subject to status and a minimum age of 18.
- Mortgages are subject to valuation (maximum Loan-to-Value for purchases and remortgages 85%, 80% for additional borrowing, 90% for rate switchers, subject to product criteria).
- A first charge over your property is required.
- The mortgage is available on an interest only and / or repayment basis. For an interest only mortgage, it is your responsibility to ensure that you have sufficient funds to repay the mortgage at the end of its term.
- Mortgages must normally be repaid by the time you retire or reach the age of 70 years whichever is sooner and are not available for business purposes.
- For interest-only mortgages please note your mortgage payments will not repay the capital amount, so the full amount you originally borrowed will still be outstanding at the end of the mortgage term. It is your responsibility to have arrangements in place to ensure your interest-only mortgage is repaid in full at the end of the mortgage term

APRC

- The total cost of the credit to the consumer, expressed as an annual percentage of the total amount of credit, where applicable including the costs referred to in MCOB 10A.1.2 R and equates, on an annual basis, to the present value of all future or existing commitments (drawdowns, repayments and charges) agreed, or which would be agreed if the MCD credit agreement is entered into, by the MCD creditor and the consumer.

Further Advance

- Minimum amount £25,000 (this overrides the requirement for the minimum loan of £100k in eligibility criteria). £15,000 - £25,000 can be arranged if it is for home improvement purpose.

Fixed Rates explained

- A fixed rate provides an interest rate that remains the same during the fixed period of the loan. After the fixed period of your loan our fixed rates revert to Bank of England Base Rate plus a margin;
- This gives you the peace of mind of knowing that your monthly repayment will stay the same for the period during which the rate is fixed, as long as payments are made for the correct amount and on time, allowing you to plan accordingly;
- An Early Repayment Charge may apply in certain circumstances.

Tracker Rates explained

- All Base Rate Trackers are linked to Bank of England Base Rate;
- As the rate is linked to a variable rate, your monthly repayments may increase as well as decrease;
- This is the only product type available for "Offset" mortgages.

Valuations

- Where a property does not meet the anticipated valuation and results in the chosen product maximum LTV being exceeded a new product must be chosen from the current product range applicable at the time of the down valuation, not the range available at point of application.
